

Alfresco Refrigerator Warranty
January 01, 2007

Dear Customer,

We thank you for having purchased your Alfresco product and are confident that you will be very pleased with it. In the event your product requires service that you feel falls within our warranty as stated below, please contact the dealer from whom it was purchased or a member of our authorized service network in the United States Area. However, in order to avoid any unnecessary inconvenience on your part, we strongly suggest reading the provided Care and Use Manual prior to requesting warranty service. Be aware that if an authorized service company is dispatched and it is discovered that the product did not require service, a minimum hourly rate will be charged. Serial # & date of purchase required.

I. Full One Year Warranty

Built-in/freestanding undercounter refrigerators and all of their components, are warranted to be free from defects in material or workmanship under normal household use for a period of one (1) year from the date of original retail purchase. Alfresco, agrees to repair or replace at its option, any part which fails or is found to be defective during the warranty period.

II. Limited Five-Year Warranty

The structural integrity of Alfresco-made stainless steel parts are warranted to be free from defects in material and workmanship, when subjected to normal operation and service in residential applications only, for a period of five years from the date of purchase. This warranty is limited to the replacement of the defective parts.

III. One Year (outdoor) Refrigeration System Warranty

Any sealed refrigeration system component, as listed below, is warranted to be free from defective materials or workmanship in normal household use during the first year from the date of original retail purchase. Alfresco agrees to repair or replace, at its option, any part, which fails or is found to be defective during the warranty period. Sealed Refrigeration System Components: Compressor, Evaporator, Condenser, Connecting Tubing, Dryer/Strainer. It is recommended that in temperatures above 120 degrees F and below 15 degrees F the unit be shut off.
